The Carlyle | New York | USA

For a touch of New York's uptown glamour, there's only one place to stay: The Carlyle, a Rosewood Hotel. The city's grande dame opened her doors in 1930 and they haven't closed since, receiving a host of distinguished guests looking for refined Upper East Side style and old world charm.

Perfect for... when the mayhem of downtown begins to grate. This oasis of calm away from all the other tourists ensures you experience New York as the well-heeled locals do.

Where... on Madison Ave and 76th Street, just steps away from Central Park. Your neighbours are some of New York's finest museums: the Whitney, the Met, the Guggenheim.

And the rooms... the 187 rooms and suites offer elegant and supremely comfortable surroundings, each with its own unique style. The bathrooms aren't the largest on the New York hotel scene, but what you're getting here is history, tradition and oodles of charm. Splash out and take a suite on one of the higher floors for a fabulous view and if you really fall in love, you can always buy one of the 60 residential apartments and have that Madison Avenue address all to yourself.

Food and facilities... exquisite French cuisine is served in the elegant Carlyle Restaurant, where exceptional food, discreet service and polished luxury keep the restaurant abuzz from sumptuous breakfast to sophisticated dinner. Meanwhile, The Gallery serves light lunch and afternoon tea in beautiful surroundings, and Bemelmans Bar mixes classic cocktails with nightly piano music. The hotel's new spa, Sense, is a glamorous affair, with luxurious, bejewelled furnishings, five treatment rooms, a relaxation room and high-tech fitness centre. Like any grande dame worth her salt, The Carlyle has her own salon by celebrated hairdresser Yves Durif to keep you perfectly coiffed for Upper East Side living.

Activities... we don't need to tell you what to do in New York. Just be assured that at the end of a hard day hitting the sidewalk, The Carlyle will welcome you home with open arms, plush furnishings and impeccable service. And don't forget that spa...

In the know... book a table at legendary Café Carlyle in advance of your stay for some of the best cabaret New York has to offer in intimate, exclusive surroundings. Call us for the latest line-up.
